

News for Immediate Release:

ELECTROVAYA LAUNCHES THE SCRIBBLER™ SC1000, AN ADVANCED TABLET PC. SLEEK, LIGHT AND ATTRACTIVELY DESIGNED WITH A LARGE 12.1” SCREEN

Toronto, Ontario, June 26, 2003 – Electrovaya Inc. (TSX: EFL) today announces the launch of the Scribbler™ SC1000, an advanced Tablet PC. Sleek, light and attractively designed with a large 12.1” screen and powered by Electrovaya’s Lithium Ion SuperPolymer® battery.

“The Scribbler™ SC1000 is the perfect product for higher education and healthcare sector. Students would greatly increase their learning efficiency by being continuously linked to the Internet and use the Scribbler as their classroom note taker and digital assistant” said Dr. Sankar Das Gupta, CEO of Electrovaya. “The Scribbler’s™ long battery life and attractive design make it ideal for higher education users who have quickly become some of the earliest adopters of Tablet PCs. We are pleased to make Electrovaya products available to higher ed students, faculty, staff, and departments via 3,000+ college store resellers”, said Jonathan Bibo, Vice President of Sales and Marketing for NACSCORP (the leading distributor to the US college store market).

Scribbler™ SC1000 series is the next step in the Tablet PC revolution. The wireless enabled Tablet PC comes with a high speed Transmeta Crusoe processor, 640MB of RAM (expandable), 40GB hard drive, firewire, built in Wi-Fi, a 12.1” screen, wireless keyboard and weights less than 3.3 lbs. Operating system is Microsoft® Windows® XP Tablet PC Edition. The product is bundled with additional software.

Scribbler™ SC1000 is available for purchase from Electrovaya’s website and through Electrovaya’s regular distribution network.

About Electrovaya

Electrovaya's goal is to become the leading provider of portable power for the notebook computer and wireless sectors, and to apply its technology to a broad spectrum of alternative energy applications over the long term. It develops, manufactures and sells high value products globally using award winning patented proprietary lithium ion SuperPolymer® rechargeable battery technology, which delivers the highest energy density of any battery technology on the market today. Electrovaya has designed, developed and markets the SCRIBBLER Tablet PC which offers significantly longer run time than any other Tablet PC on the market today. The Company's shares trade on the Toronto Stock Exchange under the symbol EFL.
